Skills

Programming Languages	TypeScript, JavaScript, HTML, CSS, SASS, C#, Java
Frameworks / Libraries	Vue, Vuex, Nuxt, Three.js
Databases / Tools	SQL, SQL Lite, SSRS, Power BI
Other	Git, BitBucket, MUI, Bootstrap, Rest API, Netlify, Webpack, WAVE

Projects

Rosa Flora Web Shop

[Live Site](#)

Nuxt, Typescript, .Net, SQL

- Revitalized and modernized the company's outdated web store, enhancing user experience and functionality.
- Directly collaborated with owners, leading meetings and presentations throughout development
- Implemented SEO optimizations to enhance online visibility and ranking for improved traffic

3D Portfolio

[Live Site](#) | [GitHub](#)

JavaScript, React, three.js, Netlify, SASS, WAVE

- Built a single page react application to showcase both my programming and modelling projects
- Implemented three.js to load and animate 3D textures onto website
- Utilized WAVE, Web Accessibility Evaluation Tools to ensure the project met all accessibility requirements

Grow Community Project

[GitHub](#)

.NET, MVC, C#, JQuery, SQL Lite

- Worked on a small development team to create a client management / POS web application
- Implemented Google Maps API for client mapping and travel time statistics
- Designing REST API endpoints connected to local SQL Lite Server
- Worked directly with the client throughout the development process

Experience

Rosa Flora

Jan 2023 - Current

Full Stack Develop - Dunnville Ontario

- Developed several internal web applications aimed at centralizing business operations and logistics
- Designed, prototyped, and built user-friendly applications from start to finish
- Hands-on experience with modern technology including Vue.js, Asp.Net, TypeScript, C#, and SQL
- Created REST API endpoints utilizing SQL Stored procedures and .NET
- Hosted multiple project presentation meetings and provided technical insight to admin team

Rosa Flora (Co-op)

April 2022 - Sept 2022

Niagara College

Oct 2020 - March 2021

Peer Tutor - Welland Ontario

- Tutored Object-oriented software development, Javascript web development, and database essentials
- Assembled and guided students through practical applications of course material
- Adapted teachings to best match students preferred styles

Education

Niagara College - Welland ON

Sept 2020 - Dec 2023

DCS / DEC In Computer Programming and Analysis
